

McLANE GROUP

Leading the Charge

To Who/Whom It May Concern,

With my previous firm, I found that SWIC was a very good captive for high severity/high occurrence risks that we had at the time. Over the years, this captive saved substantial sums for our firm. Fidelity Benefits and Insurance Services and P. Todd Dorton represent the interests and marketing of SWIC. I would certainly recommend them for any single or multiple cell captive arrangements you may need in The Caymans.

Sincerely,

DRAYTON McLANE, JR.
